Re: City of Utica Bossert Site 6-33-029

File: 450.046

Dear Mr. Reagan:

Enclosed are the final technical specifications, payment items, "other information" and contract drawings for the Bossert Site remediation. The documents have been revised in accordance with your October 6, 1997 letter to Joneen Matthews of the City of Utica, as well as subsequent conversations with you and David Smith. Please note that, in accordance with those recent discussions, we have not modified the Payment Items since the last submittal.

We trust that these revisions address the DEC's comments, and that these documents constitute the final deliverable under our agreement. If you should require further information, please contact our office.

Very truly yours,

O'BRIEN & GERE ENGINEERS, INC.
